

# PGP500 Series Quick Ship Program

Gear Pumps Price List

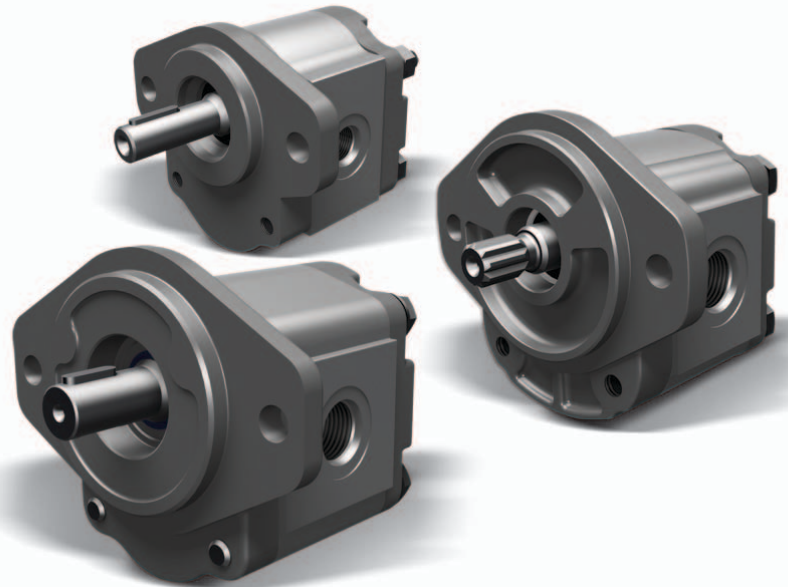

HTC/MTC/THC Tech Distributors

## Overview:

PGP500 Series gear pumps are an advanced performance version of the international “bushing block” style pumps. PGP500 Series pumps offer superior performance, high efficiency and low noise operation at high operating pressures.

- High Performance
- High Efficiency
- High Pressure Operation

## Product Features and Benefits:

### Contact Information:

Parker Hannifin Corporation  
**Gear Pump Division**  
101 Canterbury Road  
Kings Mountain, NC 28086

phone 704 730 2000  
fax 704 730 5856

- **Easy conversion to multiple pump assemblies.**  
All pumps include an internal spline for assembly of multiple sections.
- **Low noise.**  
Gear profile and optimized flop metering provide reduced pressure pulsation and exceptionally quiet operation.
- **Up to 275 bar (4000 psi) continuous operation.**  
High strength materials and large journal diameters provide low bearing loads for high pressure operation.
- **High efficiency.**  
Pressure balanced bearing blocks assure maximum efficiency under all operating conditions.

ENGINEERING YOUR SUCCESS.

**PGP500 SERIES QUICK SHIP PROGRAM**  
**For Authorized Parker Tech Distributors - Effective November 1, 2016**
