

How to Use the Service Desk

Voice of the Machine, SensoNODE, and SensoControl

<https://phscout.atlassian.net/servicedesk/customer/portal/2>

The information contained within provides step-by-step guidance to complete most functions within the Voice of the Machine, SensoNODE, & SensoControl service desk.

Submitting requests using the service notifies the service desk team. Notifying a team of instead of using direct contact methods (phone, text message, email, instant message, etc.) ensures a timely response from qualified individuals. Requests submitted using direct contact methods do not qualify for the Diversified Technology business unit's service level agreement. All requests submitted using the service desk are measured and evaluated to meet this business unit's service level agreement. Terms of this business unit's service level agreement are subject to change without notice.

The service desk hours of normal operation are Monday through Friday, 8:00AM – 5:00PM Central Standard Time or Central Daylight Savings Time, as applicable. The service desk does not operate on the following holidays within the United States of America (New Year's Day, Memorial Day, Fourth of July, Labor Day, the day before Thanksgiving, Thanksgiving Day, Christmas Eve, Christmas Day, and New Year's Eve), as each is observed by Parker Hannifin Corporation.

Select a Product for Support

1. Click the relevant product based on your current inquiry

The screenshot shows the Parker Service Desk interface. At the top left is the Parker logo. At the top right are search and 'Requests' buttons. The main heading is 'VoM, SensoNODE, & SensoControl Service Desk'. Below the heading is a welcome message: 'Welcome! You can raise a Voice of the Machine (VoM), SensoNODE, and SensoControl Service Desk requests from the options provided.' A section titled 'Contact us about' contains eight product categories, each with a title and a description of actions available:

- VoM Cloud**: Report VoM Cloud Issue, VoM Cloud Question, Suggest VoM Cloud Enhancement
- VoM Edge**: Report VoM Edge Issue, VoM Edge Question, Suggest VoM Edge Enhancement
- VoM Mobile**: Report VoM Mobile Issue, VoM Mobile Question, Suggest VoM Mobile Enhancement
- SensoNODE Blue**: Report SensoNODE Blue Issue, SensoNODE Blue Question, Suggest SensoNODE Blue Enhancement
- SensoNODE Gold**: Report SensoNODE Gold Issue, SensoNODE Gold Question, Suggest SensoNODE Gold Enhancement
- SensoNODE Silver**: Report SensoNODE Silver Issue, SensoNODE Silver Question, Suggest SensoNODE Silver Enhancement
- SensoControl**: Report SensoControl Issue, SensoControl Question
- KrimpNODE Service**: Report KrimpNODE Issue, KrimpNODE Question, Suggest KrimpNODE Enhancement

At the bottom, it says 'Powered by Jira Service Management'.

Select a Type of Support

1. Click the relevant type of issue based on your current inquiry
 - a. Issue
 - Inquire about a current problem being experienced
 - b. Question
 - Ask a question
 - c. Enhancement
 - Submit an enhancement request

The screenshot shows the Parker Service Desk interface for VoM, SensoNODE, & SensoControl. The header includes the Parker logo and a search bar with the text "Requests". The main content area is titled "VoM, SensoNODE, & SensoControl Service Desk" and includes a welcome message: "Welcome! You can raise a Voice of the Machine (VoM), SensoNODE, and SensoControl Service Desk requests from the options provided." Below this is a dropdown menu labeled "Contact us about" with "VoM Cloud" selected. The section "What can we help you with?" lists three options: "Report VoM Cloud Issue" (with a warning icon), "VoM Cloud Question" (with a question mark icon), and "Suggest VoM Cloud Enhancement" (with a bar chart icon). The footer indicates "Powered by Jira Service Management".

Report an Issue

- Inquire about a current problem being experienced

 1. Input a **Subject**
 2. Input a **Description**
 3. Add an **Attachment** (optional)
 4. Click **Send**

The screenshot shows the Parker Service Desk interface for reporting an issue. The page has an orange header with the Parker logo and a 'Requests' button. The main content area is white with a light orange background. The form is titled 'VoM, SensoNODE, & SensoControl Service Desk' and includes a welcome message. The form fields are: 'Contact us about' (VoM Cloud), 'What can we help you with?' (Report VoM Cloud Issue), 'Raise this request on behalf of' (guest.user@parker.com), 'Subject *' (empty), 'Description *' (empty), and 'Attachment' (empty). The form is powered by Jira Service Management.

Submit an Enhancement

- Submit an enhancement request
 1. Input a **Summary**
 2. Input a **Description**
 3. Add an **Attachment** (optional)
 4. Click **Send**

The screenshot shows a web interface for submitting an enhancement request. At the top left is the Parker logo. At the top right are search and 'Requests' buttons. The main heading is 'VoM, SensoNODE, & SensoControl Service Desk'. Below the heading is a welcome message: 'Welcome! You can raise a Voice of the Machine (VoM), SensoNODE, and SensoControl Service Desk requests from the options provided.' The form includes a dropdown menu for 'Contact us about' with 'VoM Cloud' selected. Below that is a section 'What can we help you with?' with a dropdown for 'Suggest VoM Cloud Enhancement' and the text 'Want to suggest a new feature for the VoM Cloud? Send your suggestions.' The 'Raise this request on behalf of' field shows 'guest.user@parker.com'. The 'Summary' field is a text input with the placeholder 'Title of the suggested enhancement'. The 'Description' field is a larger text area with the placeholder 'Description of the suggested Voice of the Machine Cloud interface enhancement. This would include suggestions within the interface when visualizing and administering sensor data, additional desired calculated signals, or additional dashboards.' Below the description is an 'Attachment' section with a dashed border, containing the text 'Drag and drop files, paste screenshots, or browse' and a 'Browse' button. At the bottom of the form are 'Send' and 'Cancel' buttons. The footer text reads 'Powered by Jira Service Management'.

Input a Summary

1. Input concise **Summary**

- Automatic suggestions will display below the **Summary** field
- These suggestions link to an existing knowledgebase document
- Please read the suggestions to determine if your topic has already been documented

The screenshot shows a web interface for the Parker Service Desk. At the top left is the Parker logo. At the top right are search and 'Requests' buttons. The main heading is 'VoM, SensoNODE, & SensoControl Service Desk'. Below this is a welcome message and a dropdown menu for 'Contact us about' with 'VoM Cloud' selected. A second dropdown menu asks 'What can we help you with?' and has 'Suggest VoM Cloud Enhancement' selected. Below that is a field for 'Raise this request on behalf of *' with 'guest.user@parker.com' entered. The 'Summary *' field contains 'How to Use the Service Desk'. Below the summary field are three 'Suggested articles' with titles like 'How to Use Dashboard' and 'How to Use Terminal User Interface with Voice of the Machine Edge'. The 'Description *' field is empty. Below the description field is an 'Attachment' section with a 'Browse' button. At the bottom are 'Send' and 'Cancel' buttons. The footer says 'Powered by Jira Service Management'.

Input a Description

1. Input a detailed **Description**

- Helpful information to include in the **Description** is detailed below the **Description** field
- Including as much of this information as possible will assist the service desk team in answering the inquiry
